

Livingstone

Most cheap pianos are more expensive than high priced ones. What little musical virtues they have at first finkles out in a few months. The Livingstone is the least expensive piano ever offered in any market because it is a high priced piano sold at a low price. It gives you good music that will last, at a price that puts it within the reach of all. The more you investigate this statement, the more certain you are to prove to your own satisfaction that this is true.

TO MEET TUESDAY

Address Will Be Delivered Before
Body at Chamber of Commerce by J. T. Watt

The regular monthly meeting of the Anderson County Live Stock Association will be held in this city Tuesday, at which time those who are interested in live stock will hear a splendid address by J. T. Watt of Clemson College. Mr. Watt probably knows more about live stock raising than any other man in the State today and those Anderson county people who have interests along this line can ill afford to miss hearing him.

Secretary Whaley of the Anderson Chamber of Commerce, said last night that while the plans for the day's program had not been entirely completed it would be one of the best ever announced by the body. He said that there would be features found on Tuesday's program that had been lacking on others and that he anticipated a very large attendance.

In connection with the work of the live stock association in this county might be quoted the statements of three men from Lenoir, Ga., who have been in this county trying to buy cattle. These men said, upon their return to Georgia, that they had found much fine cattle in Anderson county, but that none of it was for sale.

English, were in charge of the election.

Married Yesterday.

A surprise event of great interest to Anderson people occurred yesterday afternoon at the parsonage of the First Presbyterian church when Miss Lila Stone became the wife of Thomas Hugh Cox. The ceremony was performed by Rev. Dr. W. H. Fraser and the only attendant present was Clarence Best, an intimate friend of the groom. Miss Stone is the daughter of J. D. Stone and is one of the city's most popular young women, while the groom is a traveling inspector for the G. S. & A. railway, and is a prominent and progressive young business man. They have the best wishes of a host of friends.

Magistrate To

Try Liquor Cases.

Anderson people who are interested in court affairs and concerned with the dispensing of justice say that the Ashley bill, passed by the general assembly, giving the right to magistrates to dispose of liquor cases is a good one. Under the bill introduced by Mr. Ashley, the magistrate would have the right to hear the evidence and decide the case where a man is charged with selling liquor, instead of sending it up to the circuit court to stay on the docket for many months. The bill provides that the magistrates may administer fines for the offenses of selling liquor at from \$50 to \$100 and may sentence defendants on the chancery for a term of 30 days. Local magistrates, as well as Anderson attorneys, feel that the measure is a good one and that such legislation should have been enacted long ago.
